## Key Investor Information Document

This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of this fund. You are advised to read it so you can make an informed decision about whether to invest.

## Storm Bond RCN NOK

Storm Fund II

ISIN LU1382364633

Managed by Hauck & Aufhäuser Fund Services S.A.

### Objectives & Investment Policy

The Fund is an absolute return oriented Sub-Fund. The Fund seeks to have a strong exposure on the Nordic countries either by investing in bonds traded or dealt on Nordic Markets or by investing in bonds mainly issued by Nordic entities or by entities active or exposed to the Nordic markets. In particular, the Fund looks to invest in bonds issued by Nordic entities active in sectors such as, but not limited to, the logistic and transportation, real estate and construction as well as the energy sector. There is no guarantee or capital protection that the Fund will achieve its investment objective and/or policy. The Fund which mainly invests in bonds of all type including but not limited to corporate bonds, convertible bonds and convertible asset backed bonds. In addition to investing in bonds, the Sub-Fund may also invest in equities. The Sub-Fund may use derivative financial instruments ("derivatives") for hedging purpose as well as for investment purpose. The Sub-Fund may not borrow in excess of 10% of its net assets. Only up to 10% of Sub-Fund assets may be invested

in UCITS or UCI. The Sub-Fund Currency is the NOK and the Sub-Fund may partly hedge the assets of the Sub-Fund denominated in a currency other than the NOK at the discretion of the Board. The Fund is designed for investment only by those Investors, who understand the degree of risks involved and believe that the investment is suitable, based upon their investment objectives and financial needs. The investor's horizon should be long-term. Returns may be accumulated. Investors are entitled to request redemption of shares from the Management Company on each Valuation Day. However, we may suspend redemptions in exceptional circumstances if suspension is deemed necessary in consideration of investor interests. Fees for the purchase and sale of securities shall be paid by the Sub-Fund. These fees are incurred in addition to the percentages listed under "Charges" and may negatively impact Sub-Fund returns.

### Risk and Reward Profile

Historical data may not be a reliable indication for the future. The risk category shown is not guaranteed and may shift over time. Even the lowest category does not mean 'risk free'. The fund has been categorized SRRI 4 because its net asset value shows moderate volatility leading to adequate probabilities for losses as well as gains. Risks that could significantly affect fund performance and are not necessarily fully reflected in the risk and reward rating include: Liquidity Risk - Investing in securities that cannot easily be sold at full value increases the risk that the Fund may have to suspend the redemption of its shares. Issuer Risk -

Bonds owned by the Fund may lose some or all of their value if the financial health of the bonds issuers declines or fails.

## Charges for this fund

The charges you pay are used to pay the costs of running the fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest.

<b>Entry charge</b>	3,00%
<b>Exit charge</b>	0,25%

Charges taken from the fund over a year

<b>Ongoing charges</b>	1,17%
------------------------	-------

Charges taken from the fund under certain specific conditions

<b>Performance fee</b>	10,00%
------------------------	--------

A yearly performance fee of up to 10 % of the net return is charged and is subject to a high watermark. A positive cumulative performance fee claim is only paid on the reporting date if the net asset value per share exceeds the high water mark. In this case, the high water mark is adjusted to the net asset value per share on the reporting date for the next

The entry charges shown are maximum figures. This is the maximum that might be taken out of your money. In some cases you might pay less - you can find this out from your financial adviser. The ongoing charges figure is based on expenses for the last finished financial year. This figure may vary from year to year. The ongoing charges figure excludes performance fees and transaction costs.

observation period. Any negative provision balance accumulated on the reporting date is taken into account in the subsequent period. In the last business year of the fund the performance fee was 0,25 %. The accounting period ends on 31 December of each year.

## Past Performance

This share class has performance data calculated prior to the inception date. This is based upon an extended track record, using the track record of another share class of the fund with similar characteristics. Past performance is no guarantee for future performance. All expenses and charges have been included when calculating performance data. Storm Bond Fund Class RCN (NOK) started to issue shares in 2016. Past performance has been calculated in Norwegian Kronas.
